

Intensive: Poly Relationships Essentials, Joys and Challenges

Saturday, July 16, 2016 - Placerville, California

\$50/person

Classes, pool, hot tub, printed materials, breakfast/lunch/snacks included!

Many of us participate in relationships with more than one person – open relationships, polyamory, peer or hierarchical, swingers, triad/quad/etc, partners with servants, etc.

While having multiple partners in your life can bring joy and fulfillment, the path can also be tricky to navigate at times. Ms Rhonda and tomo will share their thoughts and experience as we examine the joys of multiple partners as well as what the challenges may be during this 6 hour intensive class filled with facts, suggestions, discussion, thought provoking exercises, and a lot of laughs.

We will discuss making the choice to have multiple partners, different types and definitions of poly, essentials for success, and common challenges and solutions.
